

We are engaged in manufacturing and supplying of Wire Rope Tension Meter. Offered assortment is used for calculating the load through tension on the running rope. Our product range is widely used for construction for safety and measurement.

Specification:-

Brand : SARAS

Material of Construction: MS Iron steel or EN38.

Bearings: 6 Nos.

Mounting: Directly on boom or flexible assembly

Rope Diameter: 8mm to 45mm

Sheave Diameter: 100mm, 125mm

Maximum Capacity: As required

Linearity: +2% of full scale

Operating Temp: -10 Â°C to 60Â°C

No of pulley: 03

IP standard: IP 67

Life: 5 Years

Wire Rope Tension Meter
